River Pointe Men's Golf League 2014
Scoring

- Individual handicaps will be developed at Pine Ridge using USGA's Golf Handicap and Information Network (GHIN). The yearly fee for this service is $30 per golfer paid to Pine Ridge

- Scoring for each player will be based on their **Net Score** for that week

- Each player's Net Score will be determined by subtracting their current handicap from their total Gross Score (strokes actually taken)

- The Team's score is the **total** of both player's **Net Score** or double the net score of a single member Team

- Players with **average scores above** 114 (Par of 71 + 43 the maximum handicap of GHIN) will receive **50% of the strokes above their average** added to their handicap. For example: a player with a 121 **average score** minus the 114 maximum handicap would be 7 strokes above the maximum handicap; 3 strokes (50 % of 7 rounded down) would be added to the player's handicap and deducted from Gross Score

- Match Play**:** the Team with the lowest Net score is the winner of the match. Each Team receives 1 point for competing for **18 weeks**: winning Team receives 2 points; a tie = 1 point each Team; **Weeks 10 and 20 (Position Wks):** winning Team receives 4 points; a tie = 2 points each Team

- Team Captains are responsible for verifying, signing and turning in score cards each week (one score card for each Two-Team match)

- If a Team cannot meet as scheduled the Team Captain should contact the opposing Team and re-schedule the match as soon as possible. Make-up matches should be played before the next scheduled play date

- If one Team member is absent, their Team **Net Score** for that week will equal two times the playing member's Gross Score minus two times his Handicap with a **4 stroke penalty.** For example: the adjusted handicap for a player with a current handicap of 30 would be calculated as follows: 30*2=60-4 =56.   The **adjusted Team Handicap of 56** (not 60) would be deducted from that days Gross Score

- If a Team is a no show, this constitutes a forfeit and 0 points earned; the opposing Team will draw a Bye and earn 3 points (5 points if Pos Wk)
